State Board of Examiners

Helena, Montana
January 1, 1939.

To the Members of the Senate and the House of
Representatives of the Twenty-Sixth Legis-
lative Assembly of the State of Montana.

Gentlemen:

In compliance with Chapter 27, of the Revised Codes of 1935, known
as the Budget Act of the State of Montana, the State Board of Examiners
herewith transmits to you the 1939 Legislative Budget as required by the
provisions of said Act.

ROY E. AYERS,
Chairman.

S. W. MITCHELL,
Secretary.

H. J. FREEBOURN,
Attorney General.

W. L. FITZSIMMONS,
Clerk of the Board.

Helena, Montana,
November 30, 1938

Honorable Board of Examiners,
Helena, Montana.

Gentlemen:

Pursuant to Section 297, Revised Codes of Montana, 1935, we hand you herewith the Legislative Budget, showing the expenditures and requirements of all Departments, Boards and Institutions requiring an appropriation for the coming biennium, in order that you may prepare your recommendations for the Legislature.

The requests of the Water Conservation Board and the Public Welfare Department are not included for the reason that the appropriations for these departments do not come within the limits of the State fiscal year and will necessarily be considered as "Supplementary Bills" as defined in the Budget Law.

We are pleased to call attention to the fact that during the past two years the State has lived within its income as shown in Schedule "A" herein, and that the General Fund did not show an overdraft for the first time in twenty years. While these improvements are noted, yet there are still many financial problems to be solved.

We would call your attention to our bonded debt, under Schedules "H-1" and "H-2". While we have retired a considerable amount during the past two years, yet we are continually authorizing additional special project bonds, secured by funds that formerly were used for operating purposes. Obviously, we will not only have to replace these operating funds from other sources, but additional money will be required to care for the new building.

Our Capitol Building bonds are secured by federal land grants, the income from which has not been sufficient, in late years, to pay the interest. None of the original bonds has been retired in the past seven years. A large portion of these bonds is due in 1939 and there is no reserve to meet the obligation. It is doubtful if there are sufficient unsold lands of the grant by which they are secured, to pay off the Capitol Building debt.

To continually pay interest on a debt for which there is no possible chance to retire the principal is but a waste of money. Authority should be given for refunding these bonds up to the value of the lands unsold, with a reduced rate of interest and an appropriation for the immediate payment of the balance, which might be paid from impounded funds accumulated during the past two years.

Material increases are requested by many of the departments and institutions which will call for additional taxes to the present burdensome load. If our laws were amended so that all taxes were required to be deposited to the General Fund of the State, the Legislature might perhaps make more equitable appropriations without additional revenues. This method would conform more closely to that outlined in Article XII of our Constitution. Further diversification of these taxes will impair the security of our refunding bonds as well as the credit of the State and violate Section 29, Article XIII of the Constitution.

Sincerely,

WILLIAM HOSKING,
State Accountant.

The Bureau receives an annual minimum allotment of \$10,000 from the Federal government. Under what is known as the Cozens amendment states that can use more than their regular allotment, and have money to match, may obtain a portion of funds returned by states that fail to use their quota. For the current fiscal year Montana received from Washington a total of \$13,000 for Vocational Rehabilitation, and it is believed that at least an equal amount may be obtained each year for the next biennium. The Bureau feels, therefore, that, unless there should be a decided increase in demands upon its services, it can probably manage on an appropriation no greater than it had for operation during the past two years.

The expense of the Unemployment Compensation Administration for each of the fiscal years ending June 30, 1940, and June 30, 1941, will total approximately \$350,000.00 for both Unemployment Compensation and maintaining a state-wide employment service. Of this amount approximately \$50,000.00 for the operation of the Employment Service is paid by the counties of Montana; \$250,000.00 is granted by Federal agencies, namely: The Social Security Board and the Department of Labor.

Only \$13,021.26 was appropriated by the State of Montana for each of the fiscal years ending June 30, 1938, and June 30, 1939.

In order to participate in the aid of the federal government amounting to \$250,000.00 per year approximately, the Unemployment Compensation Commission is required to submit line budgets on a monthly basis showing by category the expenditures to be made. The expenditure of all funds supplied by the Federal government is audited by the Social Security Board and the United States Department of Labor.

Request is made for a continuance of the appropriation of \$13,021.26 by the State of Montana in order to match Federal funds for the operation of the Employment Service and an additional \$10,000.00 to be used for assisting the counties in Montana and the Employment Service.

For complete details see Annual Report of the Unemployment Compensation Commission.

No part of the collections as made by the Unemployment Compensation Commission are used for administration.

Under Chapter 20, Laws of Extraordinary Session of 1933-1934, the Emergency Relief Commission was established, which functioned until March 11, 1935, when the law was amended, Chapter 109, laws of 1935, creating the Montana Relief Commission. Under Chapter 109, there was appropriated three million dollars (\$3,000,000.00), plus all Federal assistance, for a two-year period, if and when collected. Chapter 170, Laws of 1935, provided that the Montana Relief Commission should also act as the State Old Age Pension Commission. In the expenditures listed above, from Federal and State funds, account No. 246, there is included Old Age Pension payments of one million forty-six thousand five hundred fifty-nine dollars and seventy-four cents (\$1,046,559.74). This item is also shown under Treasurer's Distribution, Schedule O-1. The balance of the total expenditures, nine hundred thousand seven hundred sixteen dollars and forty-seven cents (\$907,760.75), was spent for general Relief purposes. One hundred six thousand three hundred thirty-seven dollars and seventy-five cents (\$137,372.75) of Federal Funds was used as of February 28, 1937. Chapter 82, Laws of 1937, established a Public Welfare Board, repealing all former Acts governing the Montana Relief Commission and their agencies, and provided that all funds and property of such agencies be turned over to the Welfare Board. The 1937 Legislature appropriated, from the General Fund of the State, two million one thousand dollars (\$2,001,000.00) for the year, March 1, 1937, to March 1, 1938. The expenditures shown from these appropriations consist of the withdrawals by the Public Welfare Board from March 1, 1937, to June 30, 1937, and from July 1, 1937, to June 30, 1938. Moneys received from the Federal Government for Welfare purposes are deposited in the State Treasury and are drawn upon by the Welfare Board as needed.

Of the appropriation for the year ending June 30, 1937, \$2,428.44 was unexpended, and some part of the appropriation for the fiscal year ending June 30, 1939, will remain unexpended, but cannot be determined at this time.
